

TKF-085c-TOUCH-MGEH

FEATURES

- Key full-embossing
- Integrated capacitive touchpad
- Rugged construction for reliable functionality
- Resistant foil surface
- Resistant against dirt, dust and liquids (IP65)
- Flat aluminium enclosure

TECHNICAL DATA

Number of keys: 85
 Housing material: aluminium; silver anodized
 Keyswitch technology: gold plated domes
 Switching cycles: approx. 1 mill. (per key)
 Operating force: 3.0 N
 Switch travel: 0.6 mm
 Protection level (max): IP65
 Interfaces: PS/2; USB (USB2.0 compatible)
 Operating temperature: 0 °C to +70 °C
 Storage temperature: -25 °C to +80 °C

Dimensions: 335.5 x 116 x 15.5 mm
 Weight: 1000 g

TECHNICAL DATA TOUCHPAD

Operating principle: capacitive
 Active Area: 59 x 42 mm
 Resolution: 100 -300 dpi
